

Presentation Canes For Injured Vets

Post 9/11 veterans who have suffered a leg injury in Iraq or Afghanistan are invited to accept a hand-carved, eagle-head presentation cane honoring their service and sacrifice. If you are such a vet, or know of one, please contact the Eastern Oklahoma Woodcarvers Association through their Web site for more information. Go to: www.eowca.com and click on "Cane Project."

Cane carved by EOWA member Buyrl Franks.

Oklahoma veteran Jeff Hudgens accepts his cane from EOWA member Jack Nitz during ceremonies at Jeff's former Boy Scout troop's meeting honoring him.
